

**SWISS  
ROTORS**

**High efficiency  
polymer heat  
exchanger**

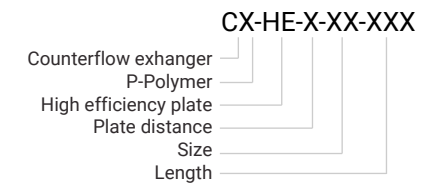

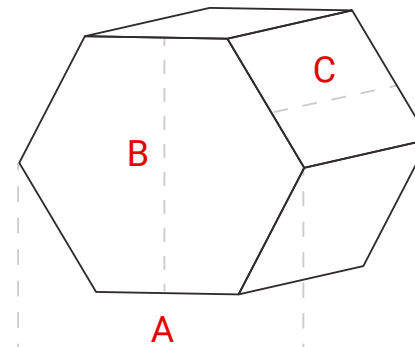

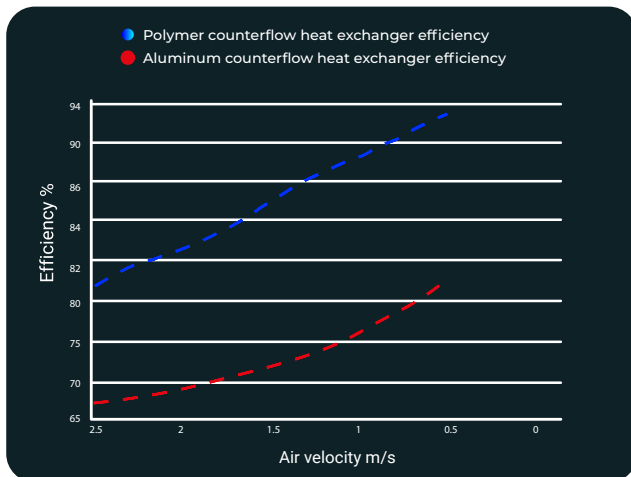

# Features and benefits

-  Featherlight weight
-  Ultrasonically welded plates
-  Each of exchangers are EN-308 tested
-  Only 2 weeks lead time
-  High efficiency up to 84%
-  Plates made of HIPS
-  High quality
-  Best price

Swiss Rotors Model	Material	Plate distance mm	A mm	B mm	C mm	Air vel. m <sup>3</sup> h	Pd	Efficiency %
CP-HE-2-31	Polymer	2	535	310	225 ÷ 800	1.7	141	84

Dependence of efficiency on airflow velocity for counterflow heat exchangers.
